Dragon baby sitter
A Dragon Mage's job is a very tiring one

Marciel

Go, tidy up a bit.

But they also take the job of the doctor of residents of Corseltel

I'll get it ready immediately

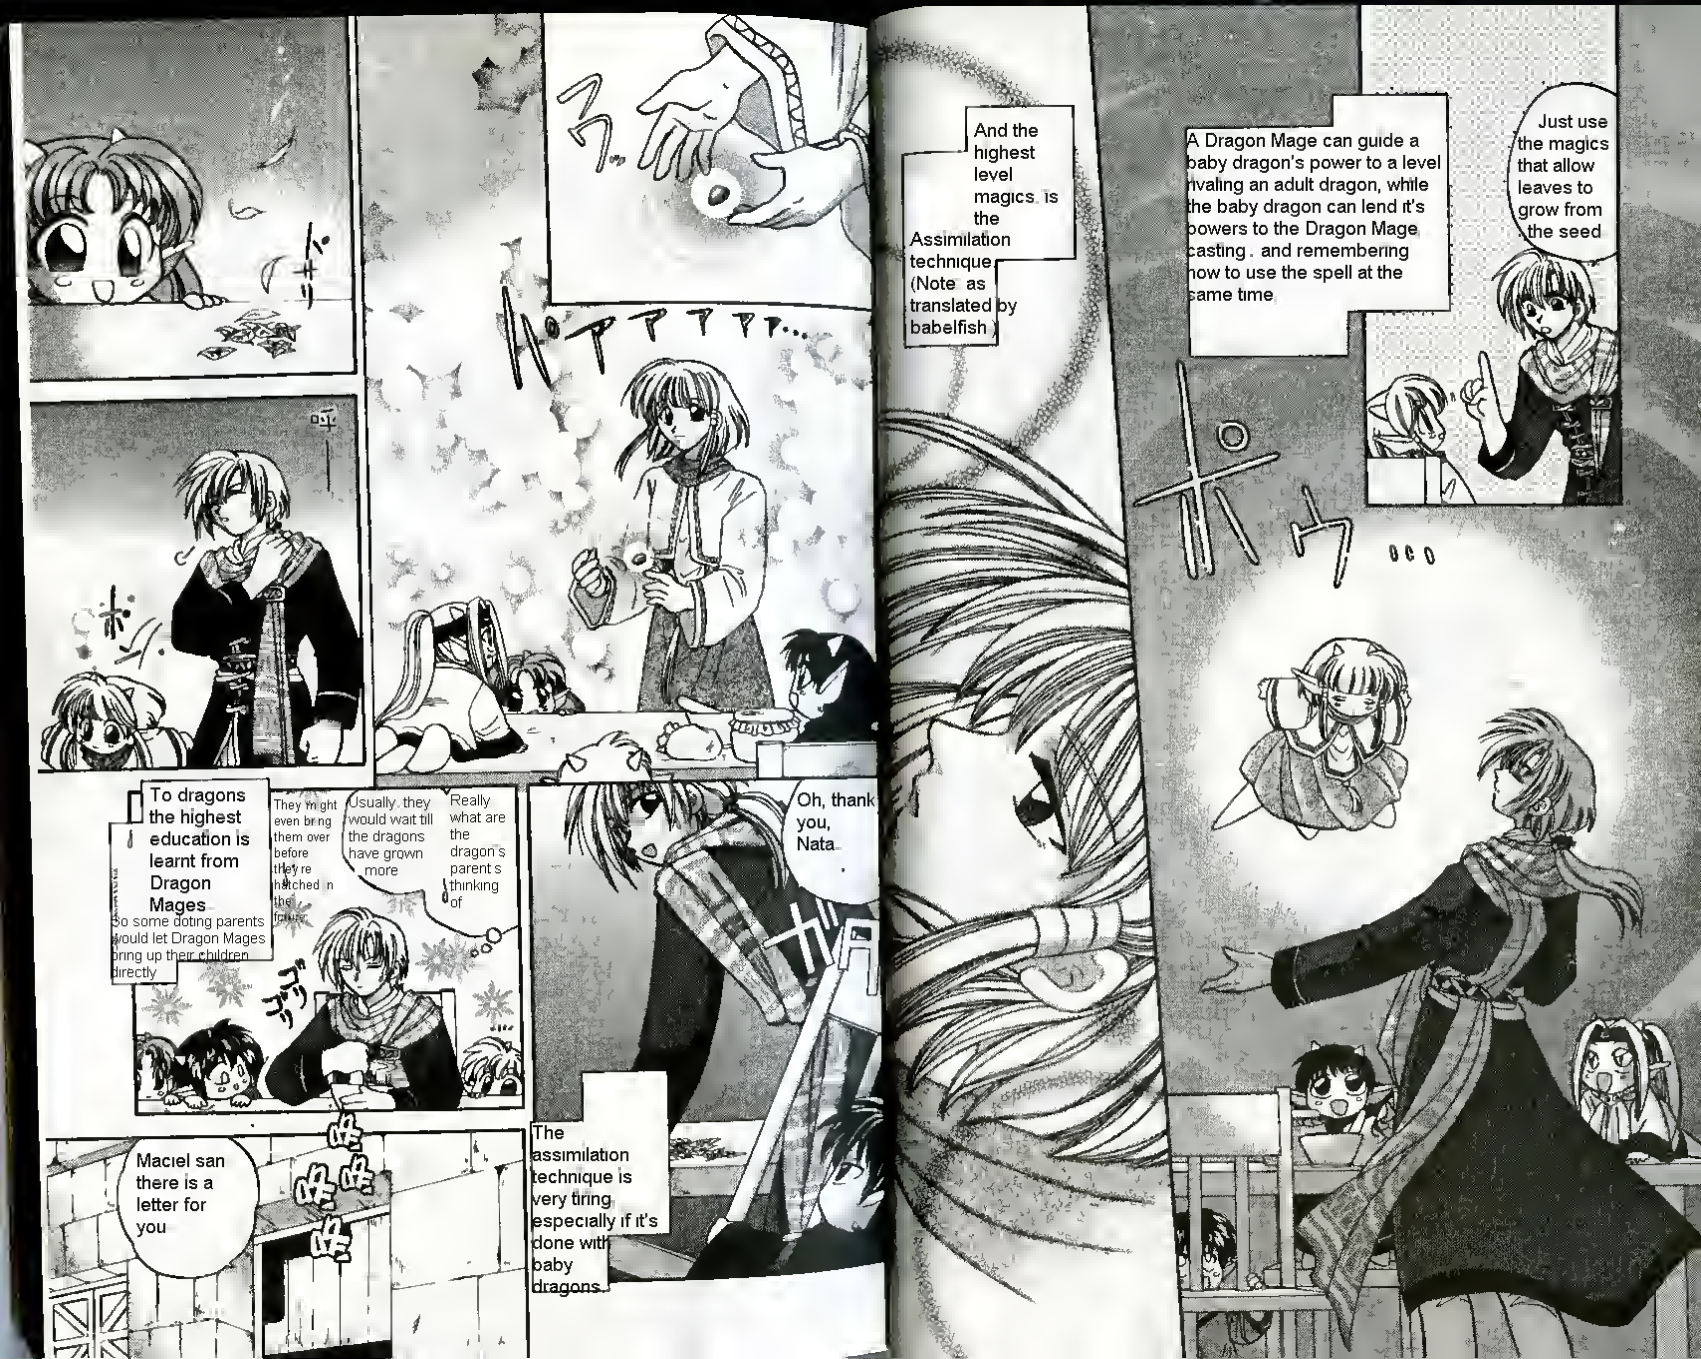
Ah, you need the backache medicine

Although it can be compared to looking after children

Keep all utensels after eating! Don't leave them lying around!

Although when dragons are young, they already have the powers of a grown dragon, they can't utilise it fully due to lack of training

Kata I need to use dragon magics to make some herbs please help me-call Tata over

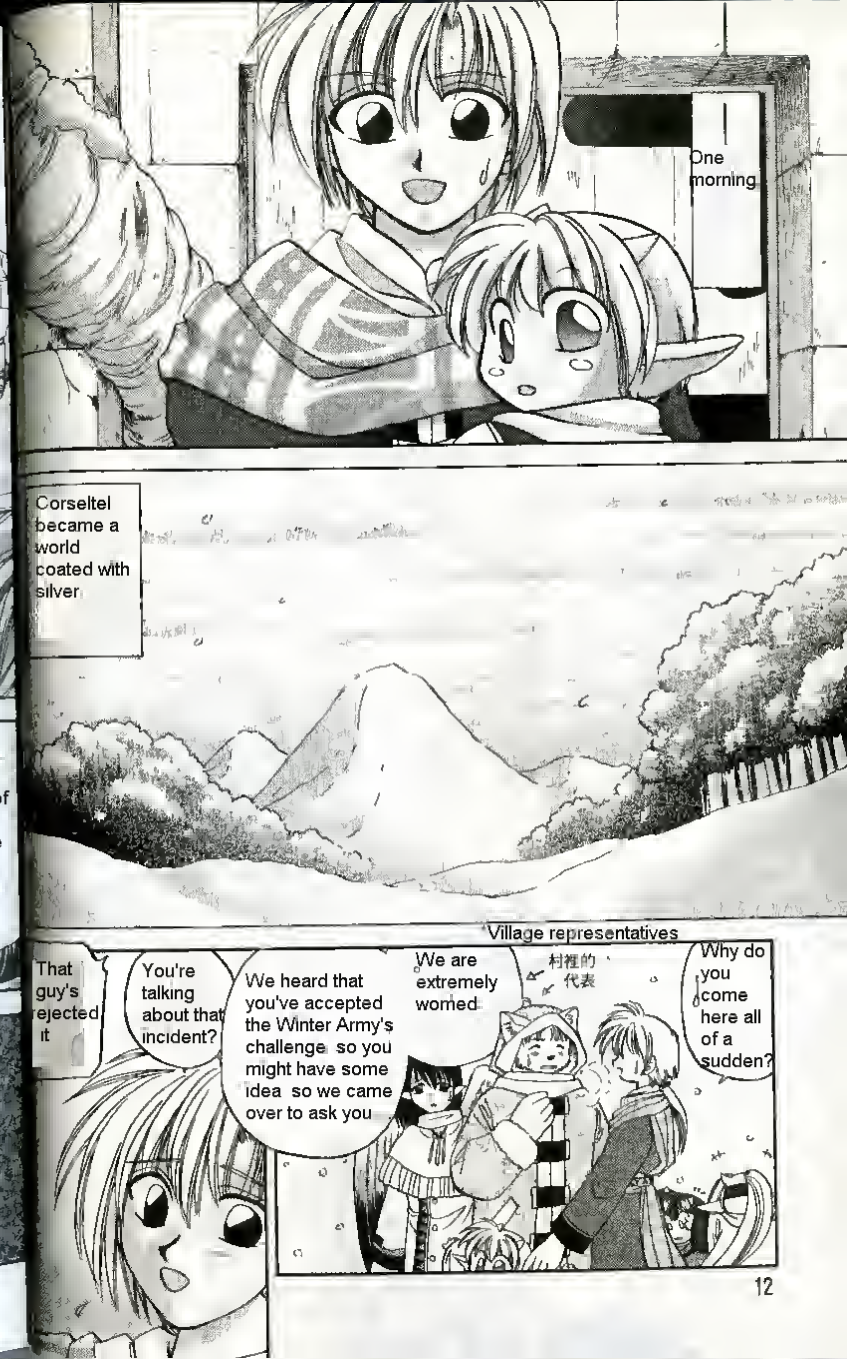


Just use the magics that allow leaves to grow from the seed
A Dragon Mage can guide a baby dragon's power to a level rivaling an adult dragon, while the baby dragon can lend it's powers to the Dragon Mage casting . and remembering how to use the spell at the same time
And the highest level magics is the Assimilation technique (Note as translated by babelfish)
Oh, thank you, Nata
The assimilation technique is very tiring especially if it's done with baby dragons
To dragons the highest education is learnt from Dragon Mages
So some doting parents would let Dragon Mages bring up their children directly
They might even bring them over before they're hatched in the future
Usually they would wait till the dragons have grown more
Really what are the dragon's parent's thinking of
Maciel san there is a letter for you

What what about your backache medicine-----
I have to tell the rest quick!
The last time was around 10 years ago
What is this!?!
So as Corseltel's strongest Dragon Mage please have a match with our representative...
Is that a challenge letter from the Winter army? I can still remember it
And your backache
*That's so embarrassing
And what gauge is used to determine the strongest
Just can't stand it, my baby dragons are too young to battle
After that, a few days passed
Nevermind just reject it first..

I don't know why, but it's getting cold all of a sudden, maybe winter is nearing
Good morning and thank you
*Please stamp here
Who sent it?
The winter is arriving this year
Because this year, we, the Snow army, has chosen to stay in Corseltel-----
挑戰書
*To Maciel san from Corseltel
A challenge letter
From the Winter Army

I am Kashi, the leader of the Winter Army's Mosahanbo squad
Because the dragon sitter has forfeited the challenge, so we have the right to stay here.
*Ha ha ha
哈哈哈
Yes, so start by bringing some good foods for us!
This winter the residents of Corseltel would have to listen to my orders.
That isn't what you really mean.



One morning
Corseltel became a world coated with silver.
Village representatives
That guy's ejected it
You're talking about that incident?
We heard that you've accepted the Winter Army's challenge, so you might have some idea, so we came over to ask you
We are extremely worried.
村裡的代表
Why do you come here all of a sudden?

Dragon magics is the lending and controlling of a dragon's magics
I don't want to use these children's powers for useless combat
The reason that I've rejected your challenge haven't you heard it from the Snow Army?
You said "for my own good", so it means you are willing to accpet my challenge!
Huh ?
I heard from the elders, the Winter Army are not those without reason
If this is your own egolistic act, for your own good, please stop it
If you want to challenge me only, I'll accept it. But I'm pretty weak
"And I don't have much strength
If you are really the strongest Dragon Mage in Corseltel, then you should have no trouble stopping me!
Since that has got nothing to do with me!
Then there's no meaning to it anymore!
Although the general would be choosing other candidates, it wouldn't matter. Just as long as I keep on winning the general would have nothing to say!
Challenging a strong fellow and winning, is the first step to letting everyone see my real strength!
The way he's acting is called "pride", you better not learn it
Hey hey! This is not the time to be teaching baby dragons!

Oh? Finally?!
Sata !
Thinking of it.....
Waoh !
A reversed wind !?
哈哈哈哈
Waah !
That's so trouble some.
Can you think of something to do?
Marciel, if this continues on, Corseltel will be covered with snow!

The snow is melting!
Come here Hata!

The blizzard stopped !!!

With this much water the place will flood----

He can actually halt the leader's powers!

But if I don't solve this at one go, he will never admit defeat..
How can I admit defeat!!!
But I am also the Snow Army's representative !
Next the soil would be wet we have to deal with the soil...

Now's my chance!

But it seems quite tiring

Wait till I see any opening, then I'll...

I never thought you'll be this kind of person
Waaaaaahh!!!
Aaaaah

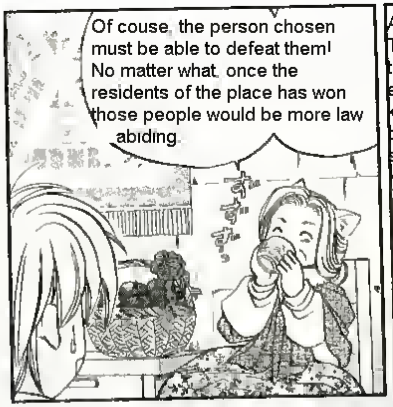
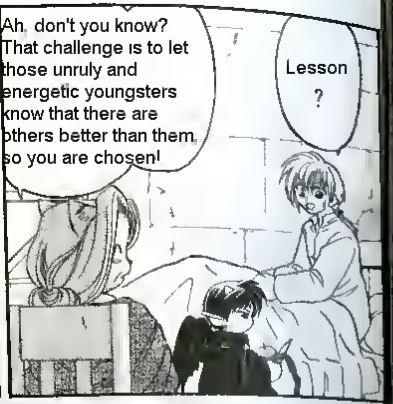
Although you said you'll be challenging me, but you don't need this?

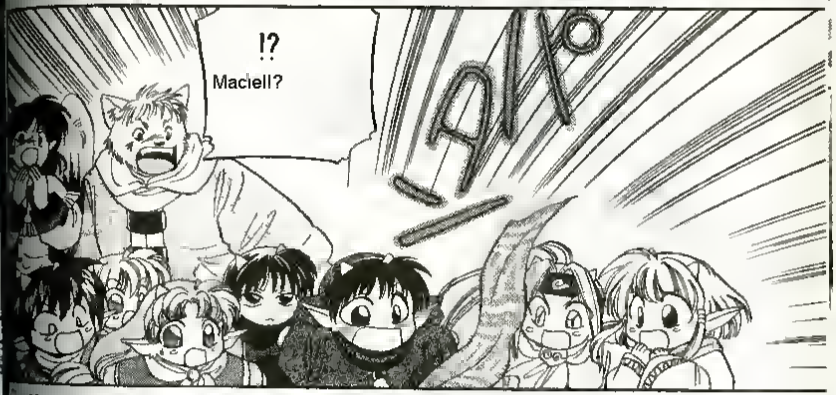


Of couse, the person chosen must be able to defeat them!
No matter what, once the residents of the place has won those people would be more law abiding.



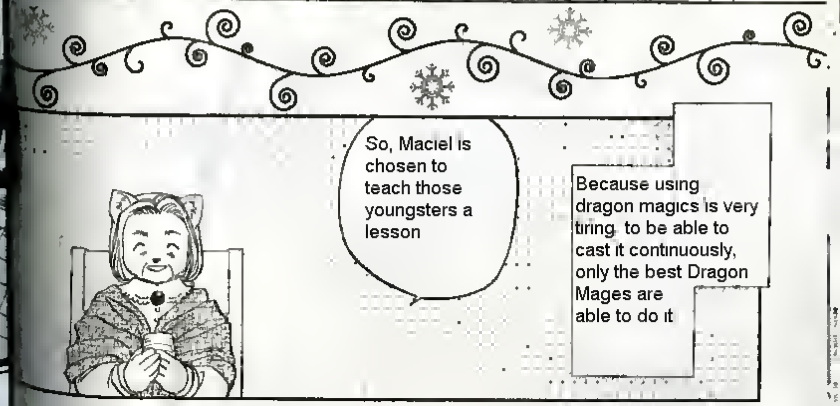
Ah, don't you know? That challenge is to let those unruly and energetic youngsters know that there are others better than them, so you are chosen!
Lesson ?

If they said it earlier, I might have some mercy on them...
哈哈...
I heard that you've defeat them, seems like this year's winter would be peaceful.
That's great, that's great!
Although it's a pity I didn't see it



*Present from visitor

If he still wants to fight the next time, at least wait till the dragons grow up. If they know how to use spells on their own, it'll be easier on me.
They shouldn't be staying in Corseltel the next year...
I will win the next year!
Leader of the Mosahanbo squad Kashi
I'm feeling a bit uneasy



So, Maciel is chosen to teach those youngsters a lesson
Because using dragon magics is very tiring, to be able to cast it continuously, only the best Dragon Mages are able to do it

Oh no I didn't get to see how the spell was cast...
Though it was quite beautiful...

Once they started arguing, I getting more pessimistic
Nata is thinking that is their nature
So the fight hasn't been resolved
I have to apologize to Kashi for the misunderstanding
Yup, that's it! To a dark dragon finding stuff hiding in the darkness is easy. So if we find Kashi before the Spring Army, then we can explain it
Even if I try to look on the bright side, I can't see anything
Sigh, is it alright to let me look after 7 baby dragons? The more I think, the less confidence I have
Huh? You're telling me not to worry so much? I'm too nice a person?
I don't think so

Where is that winter guy!!!

I'm afraid of the dark!!~

In the end I'm saved by you... I owe you one now.

I'm so sorry about it...

Who cares if it's summer or spring. I won't be risking my life
So the Spring Army said that? I'm telling you I'm the leader of the Mosahanbo squard, not some normal soldier
What does Maciel wants to learn from me?
He is already very strong..
Nata, Tata what is it?
No thanks.
So how? Want to see me summon a blizzard?

But Kashi is confident in whatever you do. seems like I have to learn from you

In Corseltel there are many ancient ruins this is one of them!
This room is like

Different from usual, Kata's smile is very fake
Actually Sata is afraid that despite Maciel's warnings but they still ended up here.
But if the present eldest were to cry everyone would cry too---

It's here!!

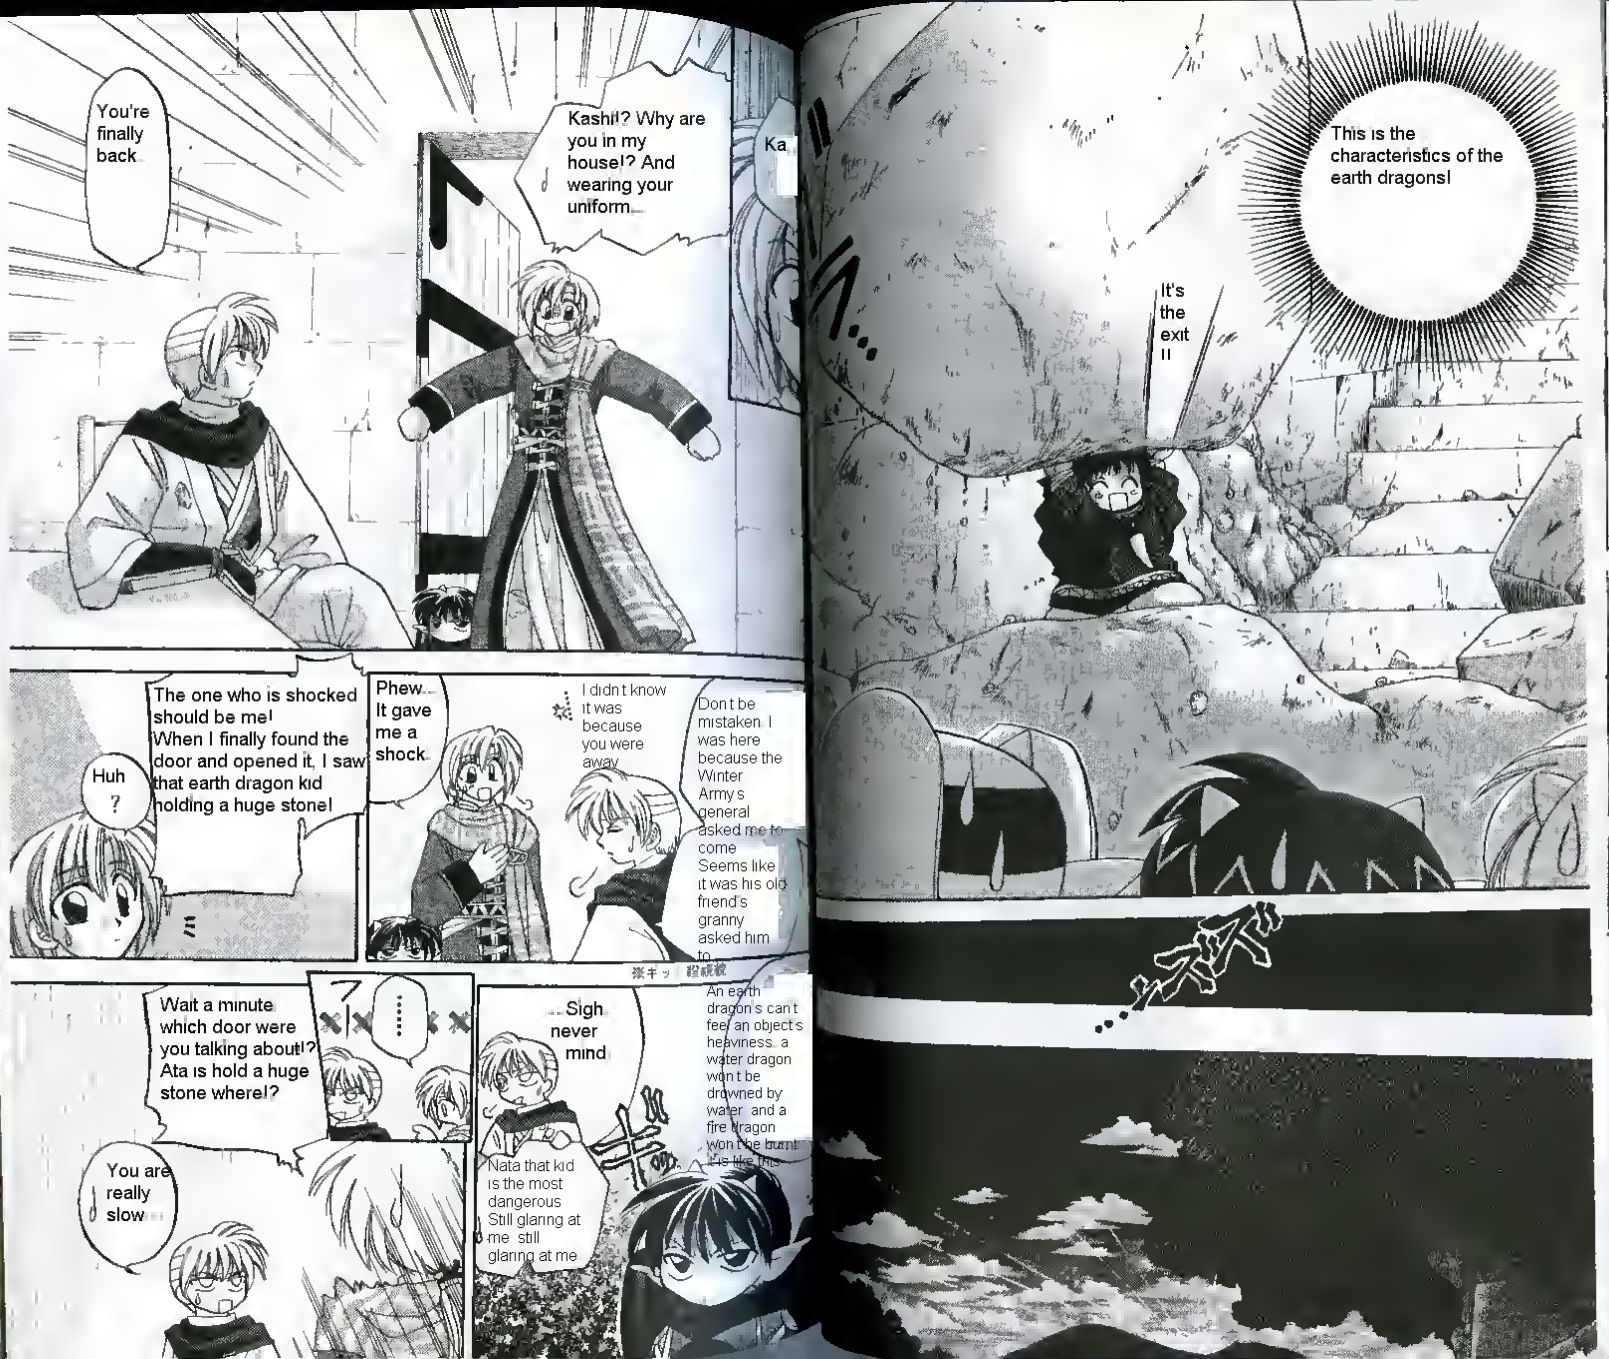
But with their intelligence any problems can be solved!!
And it's so! Although they are unable to use any attractive magics.
So why am I worrying about such useless things...
Though I can't used dragon's magics yet it doesn't mean nothing can be done.



You're finally back
Kashi!? Why are you in my house!? And wearing your uniform

The one who is shocked should be me! When I finally found the door and opened it, I saw that earth dragon kid holding a huge stone!
Huh ?
Phew. It gave me a shock
I didn't know it was because you were away
Don't be mistaken. I was here because the Winter Army's general asked me to come. Seems like it was his old friend's granny asked him to
ギッ 殺戒殺
An earth dragon's can't feel an object's heaviness, a water dragon won't be drowned by water, and a fire dragon won't be burnt. It's like this

Sigh never mind
You are really slow
Nata that kid is the most dangerous. Still glaring at me, still glaring at me

Chapter 5
The early visitor of winter

第5話
～早冬的來訪者～

I've waited very long already !

Huh? Kashi, you are going back?

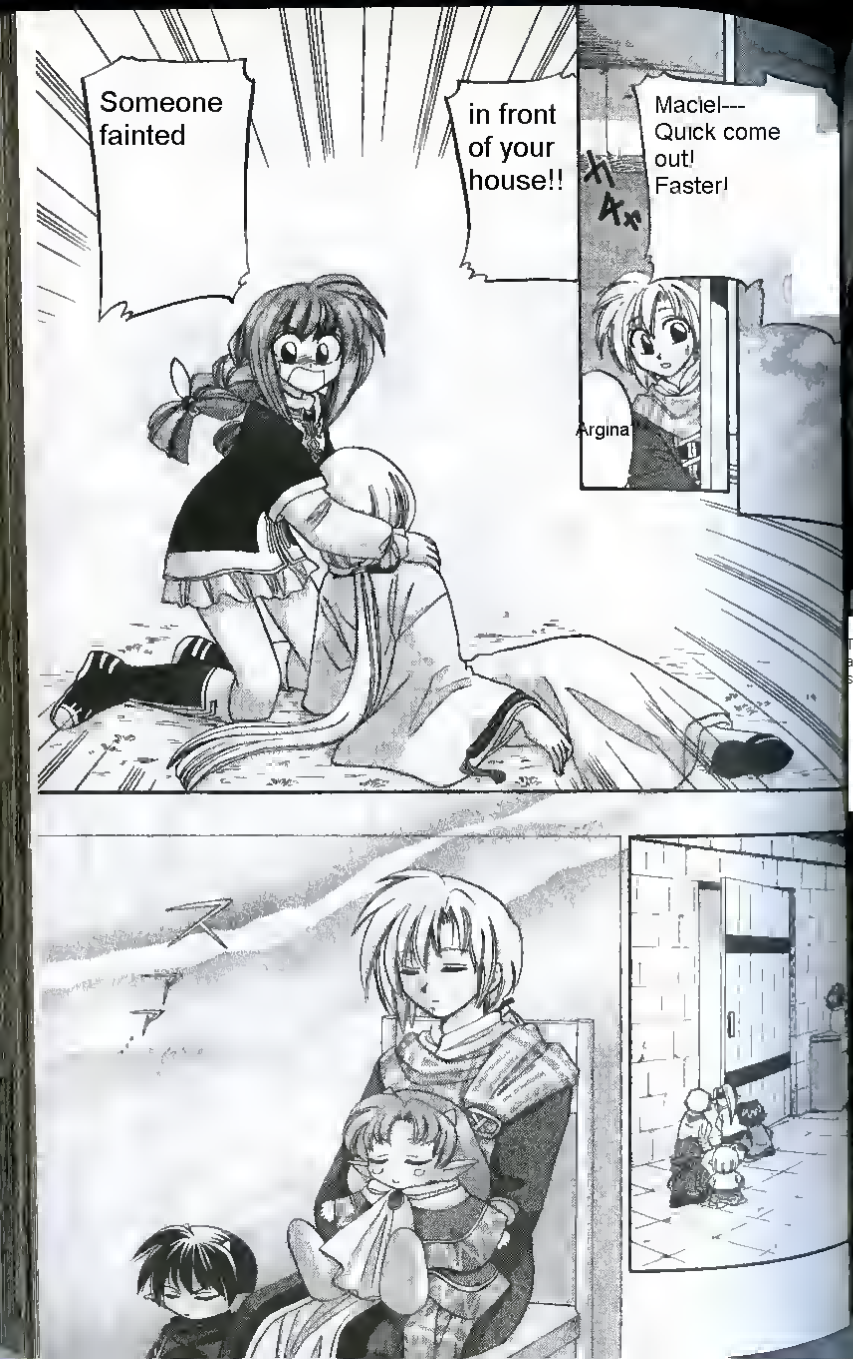
That is the underground room! I don't know for what reason, but everyone dropped down a hole! Once they got out everyone went to sleep, you go ask them the reason later.

And so like that, the small baby dragon's small adventure ended.

This is enough already.

and continued in their dreams

After they woke up, Maciel heard the whole incident, and gave them a fierce scolding, then the adventure ended.



Someone fainted
in front of your house!!
Maciel--- Quick come out! Faster!
Argina

I did it!!

This is the actual situation
So, if I don't follow the map and walk straight ahead, I won't get lost!!
The Dragon Mage trainee was lost for 3 days unable to reach her destination

What?

うーん
But if it's like this every time, I won't be able to stand it

Let me make it clear!!
Ah, so you and Kashi are
I thought that the Dragon Mage that defeated Kashi-sama s how great a person
What!
What a look of weakness!
I don't remember asking for help!
How could you talk to someone who saved you like that!! You're not even thanking him?
Didn't you faint in front of this house?
Heya?
So you want to know? Good then, I'll tell you!
Nata also don't get angry yes what is it that you want?
Argina you don t need to argue about that
I heard that seasonal spirits leave their homeland outside their own season something important must have happened
so what is your reason
This girl is a winter spirit, as today is hot that's why she fainted.
What alright!! It's only the room turning colder!
It's alright
Which one of you is the Dragon Mage Maciel?
Hey?
Erm I am
It's not this girl it's someone else
It s the first time I see one
What? Spirit!? Do you have any spirit friends!
Is Kashi considered a friend?

むあっ
※むあっ：無熱 *hot air
We'll have a match!
I am here to defeat you!! Don't run away!
Faints
昏倒
It's too hot for you outside the room till the sun sets. it's better if you stay inside the room
There is no other choice! Since I will defeat you!! We'll have a quick match----
Plus. if you tell me why you want to have a match with me. I'll be glad. If we can talk about it. it'll be better.
What !?
It's ice!?
This
The next time you won't be able to escape!

Maciel about that girl, what are you going to do?
Sigh, you...
バタン
I won't lose to you~
*It's quite delicious...
*I want to see you using dragon magics to fight
Argina
A weak spirit that faints in such weather you just use the dragon magics to teach her a lesson she'll run home in fright!
Then just defeat her!
What match again it's just like Kashi the last time. What to do
Nata is thinking that's not only the last time even now Kashi still wants to have a match with you
Then why don't you come out of the room!!
Argina don't do this
I'm not weak!! If you want to fight come over here!!
Ah, I'm coming!
Maciel, you have a letter-
These cookies are made by Maciel?
That's so boring---
I think just wait first then I go and chat with her

Maciel also helped that girl to prepare snacks? He's too good a person... It's so wasted
I'm not weak! I've already come here can't give up!
Don't say anymore

Silence

I heard from my brother, he is only thinking about Maciel. Most of the time, he is thinking of how to defeat him.
So, if I defeat Maciel, then Kashi-sama would keep thinking about me
Oh!
もぐもぐ
But, before he wins, he is only thinking about his opponent.
No matter what, Kashi-sama will defeat Maciel on his own.
No matter what methods or skills, he will keep fighting till he wins.
No matter what methods
Love!
So, the reason you are here to challenge Maciel is because of...
That... Puna-san, I have something to tell you.
I am called Argina!!
You... What on earth are you talking about!! Aren't you called Adabala!
It's so horrible! You this trouble maker, get out of here!
Nata what is it?
What!? Argina took the snacks to that girl!?
It's only snacks, you don't have to be like that!
The letters from the Winter people never contain anything good
This don't seem to be a challenge letter...

I won't accept anything from the enemy!
Hey, is Kashi the one from the Winter Army who got defeated by Maciel?

Ah, the baby dragons!
Your brother sent a letter over, he said he will come and fetch you when the sun sets
You this Adabala have no right to say this! Maciel, why did you know my name!!?
Puna!? Puna!!! So your name is Puna! Your name is the funny one!
Hahahahaha
Come and fight!
You can't escape anymore
※ピンク結束説
!?
Brother is coming to fetch me ... That ...
He wrote that he seemed to have said something wrong so his sister ran out But he didn't say what he said wrong
My brother ?
It's not like this!
The so called dragon magics means the borrowing of the dragon's powers! You trap the baby dragons outside then Maciel can't borrow their powers how does he fight?
What are you saying!? You called me Puna chan?
Puna-chan, you are so stupid!
We'll deal with this before it's evening
*Hohoho
The door is...

Nata!! You wait first!
Ah !?
!?
Hey hey Maciel?
Now is not the time to restore the room... Wait till evening--- I'm alright lend me your powers Nata!
Nata is angry, so he stopped lending me his powers. If the dark dragon and water dragon's coherence technique is to crumble then there's no way to maintain the room's temperature. This is a bit bad.
Maciel, what is this?
The room's temperature is rising!?
Puna -chan !?
フラ...

Ah? Is it like this!?
Although the assimilation technique and a few stronger magics can't be used, but over a small distance, other dragon magics can still be used. You didn't work hard enough!
*Heh *Ah
Ah

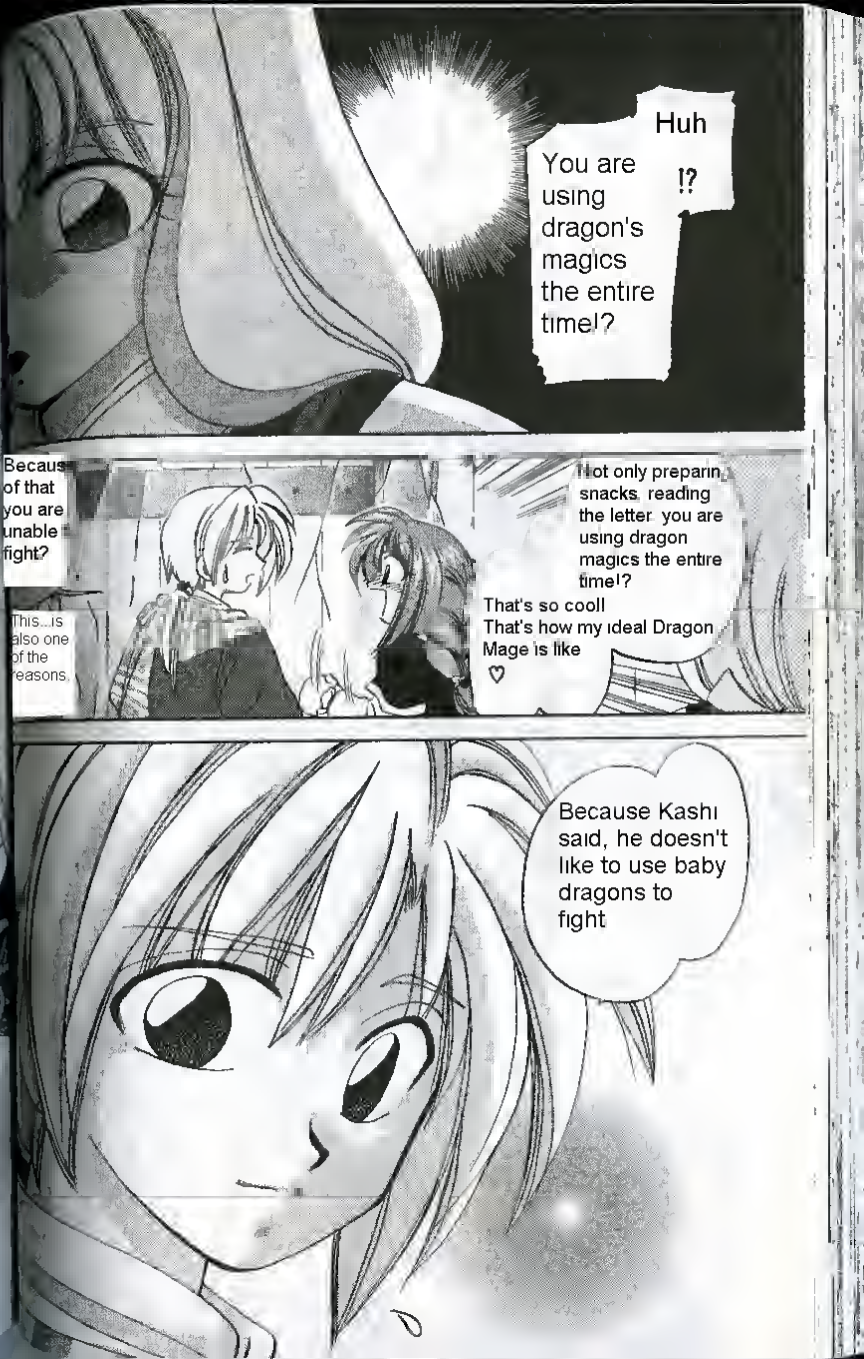
You pighead! If you just pretend you can't do anything, then everything would be alright!
Is there really no way

The opponent who Kashi-sama lost to, even I can't win against him...
※トントン：砕落音
I've lost
I demanded a match so rudely, yet he still cared for me...
When my brother comes, I will return with him
I won't be able to win against him...



Huh !?
You are using dragon's magics the entire time!?
Because of that you are unable to fight?
This...is also one of the reasons.
Not only preparing snacks, reading the letter, you are using dragon magics the entire time!?
That's so cool! That's how my ideal Dragon Mage is like ♡
Because Kashi said, he doesn't like to use baby dragons to fight

Brother, I caused trouble for you
No, you didn't By the way, did you apologise to Maciel-san? I'm really sorry
Puna
!!
Do you want to eat Maciel's cookies? I'll bring more here
Eh? Then those that you just brought here is
Kuard asked me to bring him here! Because if he loses his way halfway or faints, it would be more troublesome!
Kashi-sama are you here to fetch me?
I even have to come too!
Really! Do you have nothing better to do!
Kashi
!
Ever since you I knew you each time something something happens in Corseltel everyone would come to me!
This person is worse than the rumors
ガーン
Not only lost her way but also fainted

Since you said baby dragons, then just wait till they grow up.
Hm, Maciel!
Just as long as I have a match, anytime would be fine
I was thinking, since I've lost, but Kashi-sama still wants have a rematch, why don't you agree.
This way can gain time to find his weakness
*shh
Ah... Even Argina is joining in, and the dragons
Yes, if it's like this, I have no qualms.
But a dragon's growth, from a baby dragon to a teen, it's faster than a human! I want to see a match of powers!! Maciel, have a match with him!! Fight him!!
*Pull

Never mind, even if I come a few more times before our next match, there would be no difference!
Can also look for any weaknesses
Huh ?
But But Kashi
Who said that!! I'll never give up when I lose!!
Isn't it what you said!!
What !?
Kashi, didn't you give up already!?
Nata is thinking how could that happen!
Using dragon magics, you don't want to use the baby dragons' powers to fight!

No matter if it's Puna's love road or the match's day everything has gone

Since yesterday night, Hata had a fever, so Maciel is busy looking after him.

*Don't keep jumping about

不要亂動 不要亂動

Very excited

Usually, Maciel would try his best to prepare meals to suit everyone's tastes. But...

Although it looks very delicious, when Maciel made the breakfast this morning, he overlooked some things.

Kata dislikes milk.

Ata dislikes raw vegetables.

Tat dislikes eggs.

Mata dislikes tomatoes.

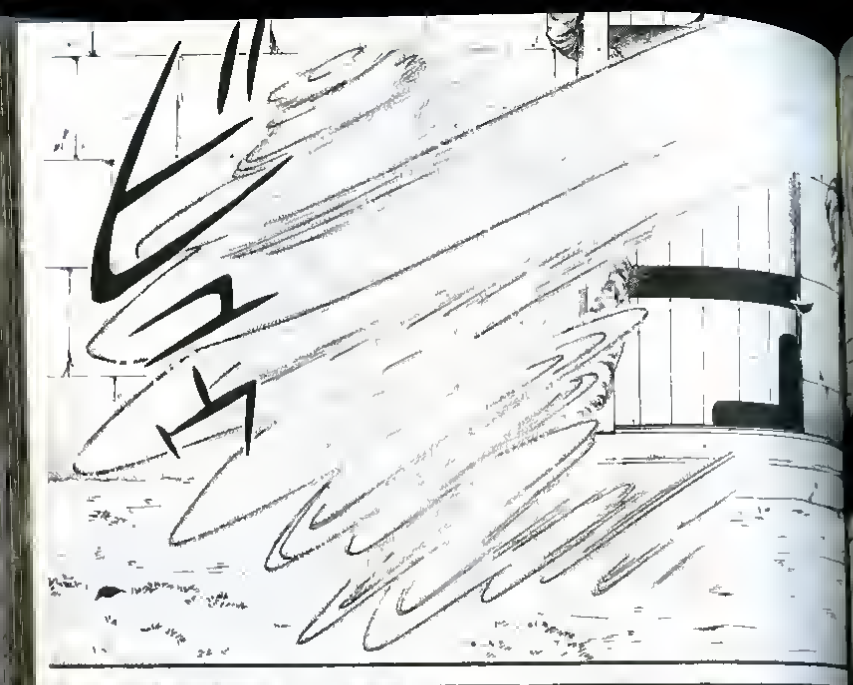
Ah, you can't come in.

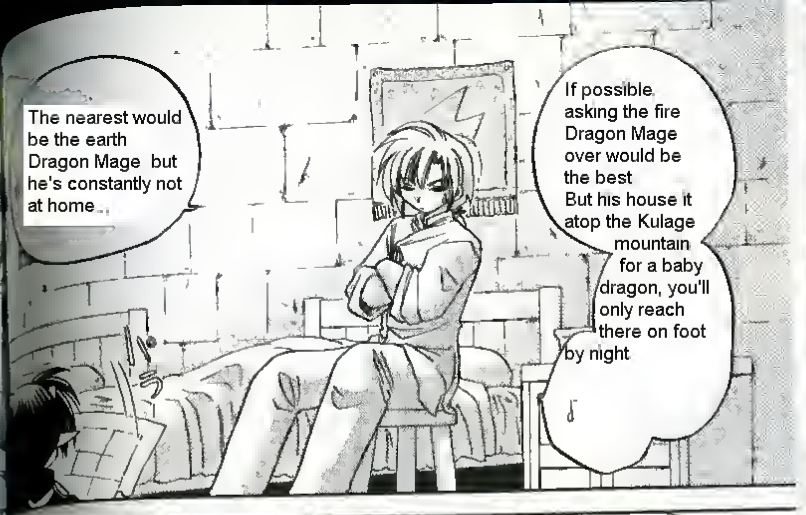
Sata, did anything happen?

When growing up, some baby dragons might not be able to fully control their own powers. This time, it would require dragon magics to tame it.

Although he is not exactly ill, so I don't need to worry about his body, but if he starts blowing fire, it would be scary.

The argument started just because of that
He also said "You have to finish the food"
He's only looking after Hata
*angry
*sigh
He isn't coming over
Nata and Ata Mata, Kata, Tata are having a one to four argument!?
Because I am unable to look after them...
The baby dragons are not very happy...
Nata is thinking you pamper them too much
Hey? You say to ask someone over!?
But I can't leave Hata like this, this is bad
.....
But granny Fure would not be possible, as the fire dragon's powers are very dangerous untamed.
This... If someone is here to help, it would be better,
He can't leave the room!
Hey? Then where is Maciel!?
Maciel says... "You mustn't fight!"

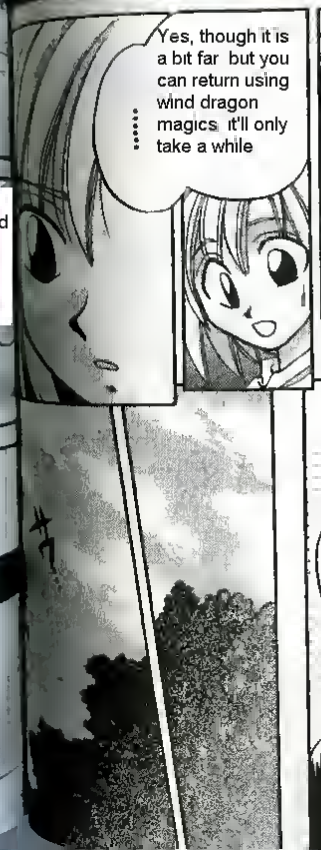




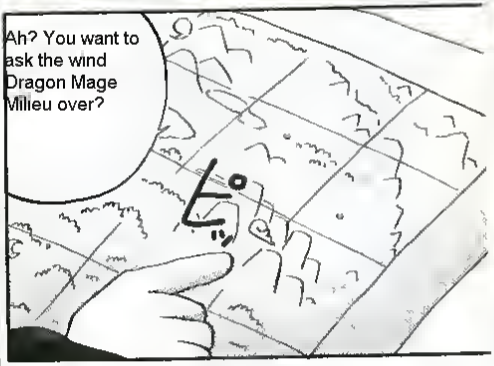
The nearest would be the earth Dragon Mage but he's constantly not at home..
If possible asking the fire Dragon Mage over would be the best
But his house it atop the Kulage mountain
for a baby dragon, you'll only reach there on foot by night

Then. I'm leaving you to look after the house, Jen
Ok, I'll be going back, teacher.

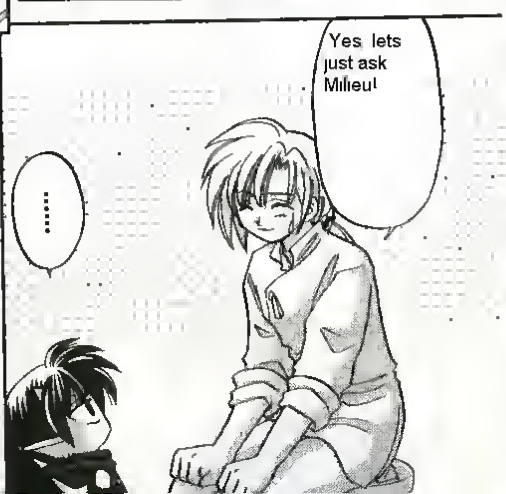
We've reached !



Yes, though it is a bit far but you can return using wind dragon magics it'll only take a while



Ah? You want to ask the wind Dragon Mage Milieu over?



Yes lets just ask Milieu!

.....
So it's like this, come baby dragons, lets go outside to play
There's no problem with Hata it's just that the baby dragons are a bit lonely
There is no choice
*sigh
Hello
Oh Maciel's baby dragons
Can you please play with the baby dragons ?
パタパタ
On the contrary, I am planning to stay here and eat a big meal tonight! Maciel's meals are the best ♪ Yes what do you need my help with?
Milieu, I'm sorry to trouble you

The monsters would come over like this, then starting from the head, they would rip off one piece by one piece...

Mata, Ata, you brought water here?
Bring some water to Maciel. he'll be very happy.
Thanks, I'm saved.

Although you are already a Dragon Mage, I shouldn't intrude in your affairs much, but,

Don't think that anything can be done if you throw yourself to it.
You tried your best, is because you are too confident, or you have no confidence?
I'm thinking it's the latter.

For your own health asking others for help, there is nothing wrong with it.
If you really love the baby dragons, then treasure your health more.

Ah and keep a secret of what I've said just now.
Nata is thinking next time we won't call you again

Just that when you next return
At least tell me where you are going. If you are going to say you're just going for a walk, then you must as well not say anything.
Yui... Yuicy...
South east from Maciel's house, atop a knoll, is the earth Dragon Mage's home
there would be no one at home anymore
Perhaps
You are going out *again?*
Teacher Lambales

But now they're not!
They were here a long time ago!
.....
It's a picture of ancient monsters. Last time Miliue told them a story, and they seem quite interested.
About 3 thousand years ago, the monsters attacked the city of dragons, Corseltel.
That was because they wanted to make the Dragon Mages theirs.
Similiar to the dragons, the monsters also let mages teach and train their children.
If it's Milieu, he would have said the monsters ate dragons or the sort that guy loves to add such to stones.
Huh ?
That means everything he'd said were fake!?
Hey, Maciel, you mean you don't know?
You better go back soon.
So it was like this, is there anything wrong, Maciel?
Don't you often throw down your baby dragons and wander off on your own!?
*Erm ha ha...
Shouldn't we change the topic?
Yesh, and what are you all reading?
She told it to you so clearly, and you still dare to run out!?

AH
The place with most history books...
Am I tricked here by Lambales' words...
I'm thinking...
I know. I'm just here to read some books
Teacher is not in
Maciel!?
In the end, the monsters were defeated and nearly wiped out
So we don't have to worry about them anymore
Oi, Maciel, let's not care about dragon magics and being a dragon sitter, but as a Dragon Mage, you should understand more about Corseltel's history.
We don't need to worry about monsters... Hm...
as for history books...
Even if you are correct, the only books I have are that of dragon magics, dragon care, and picture books. And maps...
Remember to study hard and read more history books!
Then I'll be going off

Nata is thinking, if Lambales come home, everything would be fine.
What should I say to cheer Yuicy up?
Sigh
No, I'm really here to look at the books!
Did teacher ask you to come over and take a look?
.....
So you're saying if I'm not here, teacher would stay at home?
But I feel that Lambales cares a lot for al of you
And because Yuicy is here that's why Lambales can relax and go out
Ah! I didn't mean that!!
An I've always thought that anywhere in Corseltel is very safe. am I wrong?
Why does he always go to places where the baby dragons can't go along?
Where could Lambales had gone ?
Almost always brings his baby dragons out for walks
トコ
The library is here.

From protecting Corseltel's mountains and valleys, he came here using his own powers.
I often thought
I think I better go look for him.
Does he wants to return to his homeland?
If teacher isn't at home would he
He is different from you who grew up in Corseltel He came here from the outside world.
I'm going to find Lambales
Yuicy
It might be dangerous, so I'm going alone
Please help me look after my baby dragons.
But But isn't Lambales alright!!
Because it is teacher that's why it's alright
Huh?
I won't
Of cousel!
当然!!
I I let Maciel go off to a dangerous place the baby dragons will never forgive me.

I couldn't locate him using both dark and light dragon magics that means he's in some village, or another Dragon Mage's home.
Coming out is good, but a bit troublesome
パ
*have a safe journey
Everyone just stay here!
Maciell
If I go on my own it will take ages.
Nata, Sata, Kata, let's go.
Ah, yes, I remembered Lambales went off in that direction.
Nata, what is it?
If north, it's the wood Dragon Mage, Kadio's, home.
If we go east, it's the wind Dragon Mage, Milieu's, home.
Let's go over to Milieu's home to take a look

Huh
!?
Mileu niisan the stories that you've told me and the baby dragons are all fake aren't they!!!
Yes I remeber it!!
Yes I know it generally
Do you have any clues ?
Hey? Does that mean you still believed in them now?
Stor stories? Oh so you're saying about that Those that I've told you when you're young
No no I'm just saying that my Maciel is very pure and cute!
There should be no major difference s right?
Because that is told to children, it's been exaggerated a bit
Enough either way you're saying that I'm not hardworking enough!
Whoa
Wait wait!! Maciel!!
Never mind, I'm going Nata, go! Everyone!
Ah it's rare that you'll come over
You're always welcome here
Maciel !
I'm looking for Lambales, did he come over?
What happened?
Ah, then he went to the direction of the wood Dragon Mage's home
No he didn't come
What is he doing at what place There's a good reason to want to know
So it's like this
Lambales' baby dragons

Even if very few people arrive for some reason
they all became Dragon Mages.
They became the protectors of the Dragon Tnbe
But most were hindered by the numerous mountains and valleys that they can't proceed.
Saying that recently,
there are still people coming close to Corseltel.
there are also some who come for the dragons
Yes. different from demons coming to attack Dragon Mages.
You. Who are you talking about ?
Warning ?
?
Those whome Lambales are warning are not demons.
And yes aren't we talking about Lambales?
Some people knew about Corseltel from ancient texts, and came to attack dragons
The people outside believe that dragon's blood can grant immortality and heal various diseases.
It's humans!

Just a sense of authority would do
What happens next would not matter
The late Earth Dragon Mage asked me to become his successor
It wasn't like this on my journey here
that was also not when I set his as a goal
The ouside world has no place I can return to
Furthermore now. My home is here. here in Corseltel
I heard from Milieu
Hey. Maciel you actually knew I'll be here.
Heard you'll be around here
Yuicy and the dragons are worried about you
.....
Huh? Please the one who wanted to leave home was her!
They are thinking whether you had left this place.
But...
Even if I crossed such a deep valley. where else can I go?
Just that for us living in Corseltel we are not sure about that
Heh heh
Maybe the valleys and mountains would choose someone suitable to become a Dragon Mage
Hi!

No matter how hard a person tries, what he can do is limited
Milieu once told me that
*You are such an obedient little brother!
Huh
?
你這個哥哥的乖小孩!
That is not a problem, I not the only one doing that
Is that so? Then there's nothing to be worried about
then I could be of some help
If there are really people harming baby dragons,
Everyone is also worried about you!
But if this is the case why don't you tell everyone clearly!
Ah
Hey, you are still young! I'd decided to tell you a bit later— This is everyone's decision—
I'm no longer a trainee anymore!
But I don't tell this to trainees and baby dragons.
Because I have the most freedom, so I came here to see.
That means, other than me, the other dragon mages...
はっ、はっ、はっ

I didn't tell the dragons was not to make them worry
Yuicy actually Lambales
Ah
You're back But since you would go out on your own soon, you need not care about us, and even if you don't come back it's alright
Maciel Teacher Lambales
After that Maciel used wind dragon magics to bring everyone back
Maciel!!?
!!?
Yuicy Lambales said that the next time he goes out he would bring everyone out for a picnic too
!!
This kind of stuff as a Dragon Mage, I can understand.
Hi I'm back
Ha!
No wonder it's Corseltel's first Dragon Mage
We're back in just a moment
This kind of stuff Milieu can also do it
Maciel is so fierce
If you let her know the situation, she might not be so anxious
When you said you value them, it doesn't mean you don't tell them, or leave them aside!
Nevermind the baby dragons, but Yuicy

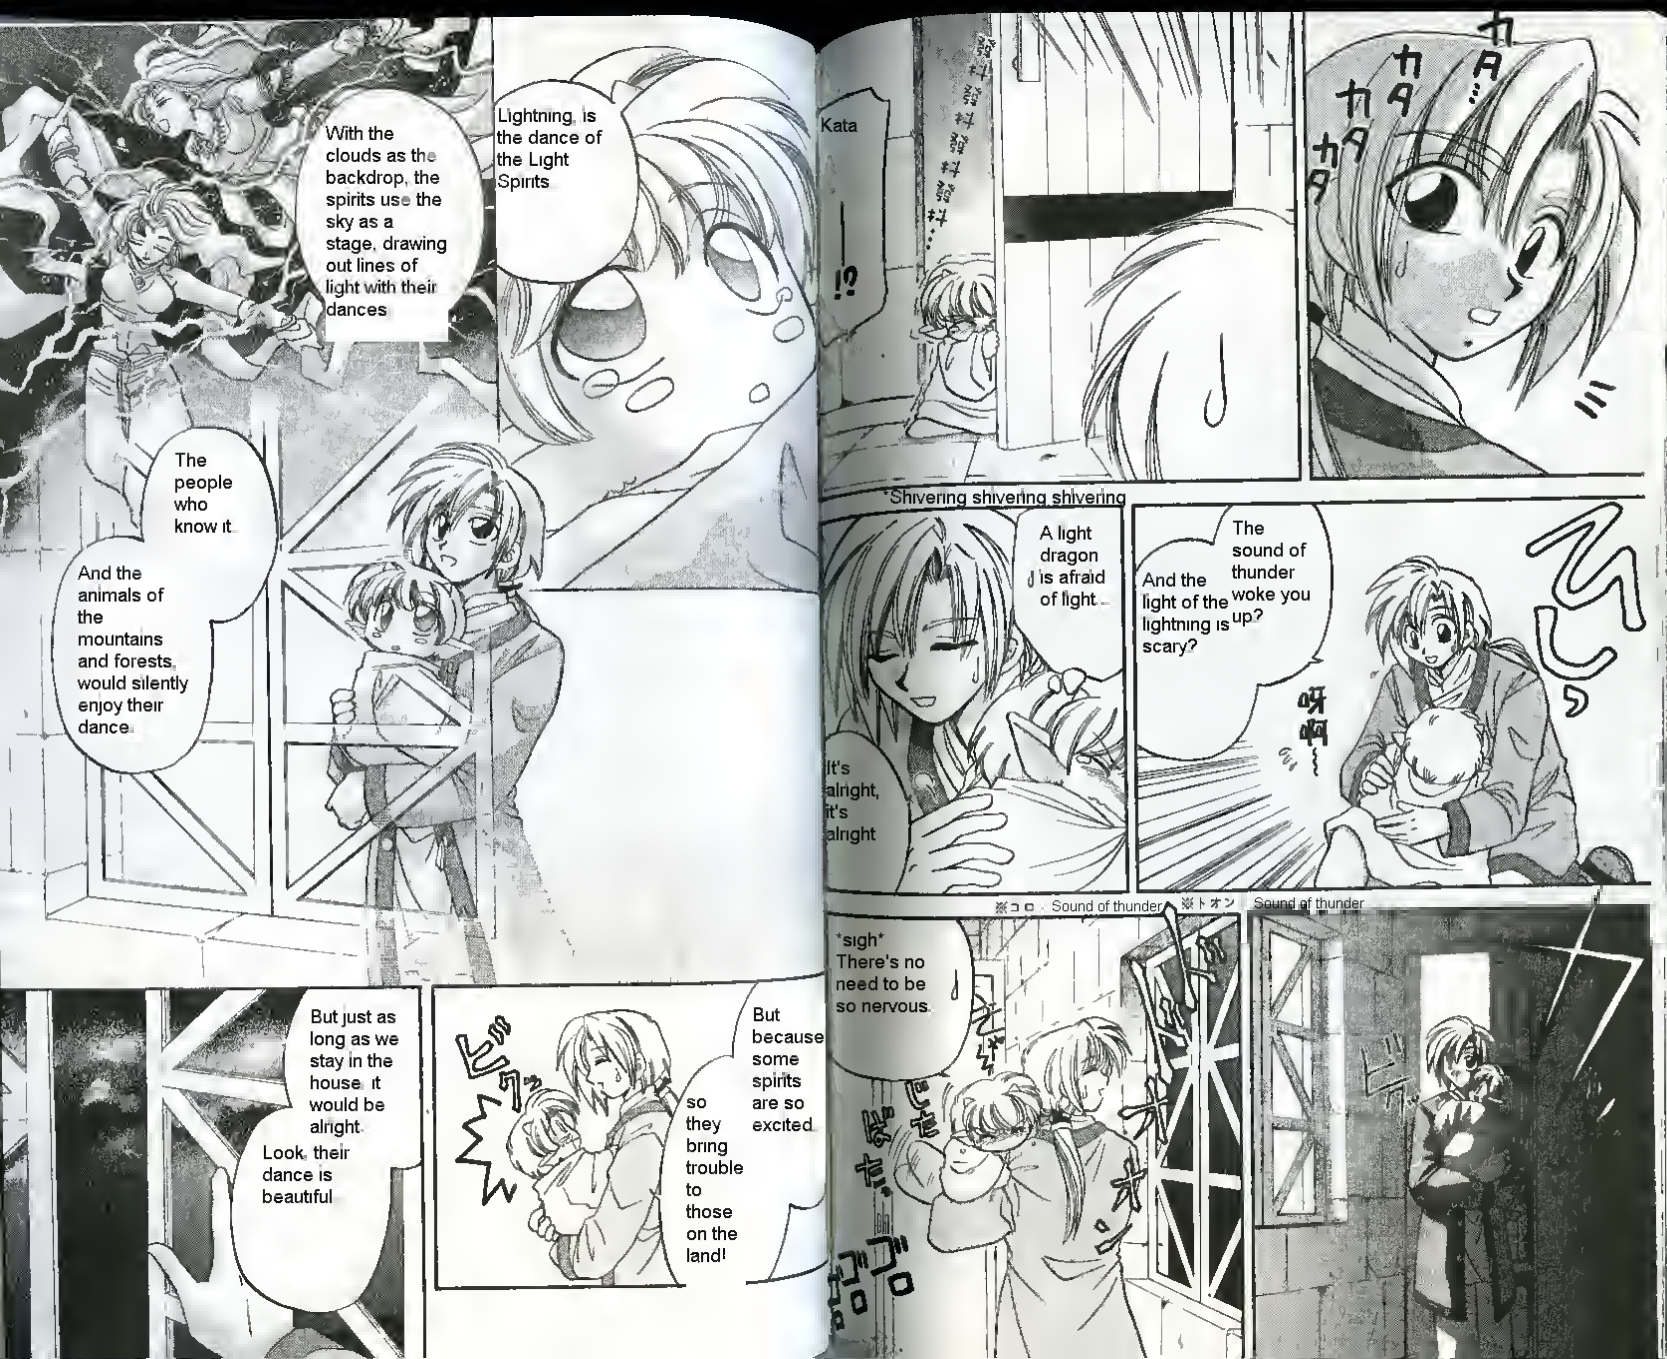
And so, the two of them lived happily ever after

*Luckily this time is alright



With the clouds as the backdrop, the spirits use the sky as a stage, drawing out lines of light with their dances.
Lightning is the dance of the Light Spirits.
The people who know it.
And the animals of the mountains and forests would silently enjoy their dance.
But just as long as we stay in the house it would be alright.
Look, their dance is beautiful.
But because some spirits are so excited
so they bring trouble to those on the land!

Before Corseltel no Ruujutsushi is completed...

The orginal outline for Corseltel no Ryuujutsushi was planned a long time ago, while I was doing a submittion for Shounen Manga. There was only one baby dragon (the current Kata), and the main character was similiar to Kashi. After a few editions, the number of baby dragons greatly increased, till a 24 page could not contain them. Then the new character Maciel appeared. On a side note, according to the designing of the baby dragons, after Kata was Mata, Ata, Hata, Sata, Tata, as planned. Furthermore, it is designed to have the appearance of wind, and the characteristics of fire (At the start, Kata did not have a designated dragon tribe.) Because there is light, there would be darkness too, so Nata was the last created dragon. As the emotions and expressions of the other baby dragons were already created, so they were created as such, but why did Nata become the most popular character?

(Laughs)

But no matter what, allowing me to write such a long essay is already lucky enough, I think.
